

# ROBOTIC ABDOMINAL WALL SURGERY LATIN AMERICA

Friday November 7th.  
Ventral Hernias  
Complex Robotic AWR

**07:30** Doors open, participant registration

**08:30** Welcome to by Hector Valenzuela & Filip Muysoms

## 1.- Covering the Basics

Chairs: Lorena Huerta & Edgard Lozada

09:00-09:15 Evidence based status of robotic surgery for hernias

G. Passot

09:15-09:30 Where does the Robot fit in the current hernia Algorithms

H. Hoffmann

09:30-09:45 Anatomy of the anterior abdominal wall

C. Claus

09:45-10:00 Subxyphoid Anatomy, what we have learned with the robot

D. Lourié

10:00-10:15 Ergonomics in Robotics

A. Pakula

10:15- 10:30 Q&A With the Panel

**10:30-10:50** Industry Symposium Reserved for Platinum Sponsor

**10:50-11:00** Coffee break

## 2.- Robotic Ventral Hernia Repairs

Chairs: Rocio Diaz & Luis Fernandez

11:00-11:15 Current place for Robotic IPUM, Where does it fit?

L. Martin

11:15-11:30 Robotic TAPP Ventral, a must in the tool kit

J. Sacco

11:30-11:45 Robotic Transabdominal Retromuscular Repair

G. Arévalo

11:45-12:00 Robotic eTEP Rives-Stoppa, The Gold Standard

V. Radu

12:00-12:15 Robotic PeTEP and further preperitoneal repairs

H. Valenzuela

12:15-12:30 Primary Lumbar Hernias A - Z

D. Lourié

12:30-12:45 Q&A to the panel of experts

**13:00-13:20** Industry Symposium Reserved for Gold Sponsor

**13:20 - 15:00** hrs Lunch Break

## 3.- Complex Robotic AWR Techniques

Chairs: Enrique Jean & Ivonne Campos

15:00-15:15 Robotic TAR; Past, Present and Future

L. Martin

15:15-15:30 Robotic Parastomal Hernia Repair

G. Passot

15:30-15:45 Managing complications with the Robot

E. Parra

15:45-16:00 Robotic Thoraco-abdominal Hernia Repair

C. Ballecer

16:00-16:15 Robot to the Rescue, Ventral Hernia on call

A. Pakula

16:15-16:30 Robotic Flank hernia repair

F. Malcher

16:30-16:45 Q&A to the panel of experts

**17:00** Keynote Lecture by David Chen

“ State of the art in ventral hernia repair, My current Algorithm of why and how I do it ”

**ROBOTIC  
ABDOMINAL  
WALL SURGERY  
LATIN AMERICA**

**Saturday November 8th.  
Live/Deferred Surgery  
Inguinal Hernia  
08:00 - 14:00 hrs**

**1.- Live Differed Surgery 8 -10:00 am**

**Chairs: Alejandro Rodriguez & Rocio Diaz**

08:05 - 08:20	Robotic Ventral Mesh Explantation	H. Hoffmann
08:25 - 08:40	Robotic TAPP - Ventral	F. Malcher
08:45 - 09:00	Robotic Henniford	J. Sacco
09:05 - 09:20	Robotic eTEP Rives Stoppa	V. Radu
09:25 - 09:40	Robotic TAR	C. Ballecer
09:45 - 10:00	Diastasis Repair	G. Passot

**10:00-10:20 Industry Symposium Reserved for Silver sponsor**

**10:20-10:30 Coffee Break**

**2.- Groin Hernia**

**Chairs: Ricardo Reynoso & Ivonne Campos**

11:00-11:15	Anatomy of the posterior MPO	D. Lourié
11:15-11:30	Robotic Inguinal TAPP	V. Radu
11:30-11:45	Robotic Inguinal TEP	F. Malcher
11:45-12:00	Large Inguino Scrotals, abandon the sac?	C.Claus
12:00-12:15	Emergency Inguinal Hernia	A. Pakula
12:15-12:30	Q&A to the panel of experts	

**3.- Complex Groin Hernia & Pain**

**Chairs: Lorena Huerta & Danya Muñoz**

12:30-12:45	Reoccurrence and Previews Prostatectomy patients	C. Ballecer
12:45-13:00	Inguinal Hernia in the Morbidly Obese	E. Parra
13:00-13:15	Diagnostic Algorithm in Groin pain	H. Hoffmann
13:15-13:30	Robotic Neurectomy for Chronic Groin Pain	D. Chen
13:30-13:45	Robotic Mesh explantation	F. Muysoms
13:45-14:00	Q&A to the panel of experts	

**14:00 Closure and Final Words by Organizing committee**

**Meeting Adjourn**
